INTRODUCTION

The 2022 APS Employee Census is an opportunity to provide your views on your experience of working in your agency and the broader APS.

Detailed information describing what you need to do to participate, the benefits of participating, and how your responses are stored and used can be found in the [Participant Information Sheet](#).

Before commencing the Census, you might like to note the key points below.

- Participation in this survey is entirely voluntary. To submit your survey you will need to complete four particular demographic questions. You are then free to skip and not answer any other questions you may not want to answer.
- Census results will be used by the Australian Public Service Commission and agencies to inform planning, reform and other initiatives. Census results are presented on the Australian Public Service Commission website and in the annual State of the Service Report. These findings make an important contribution to evaluating and improving working conditions for you and your colleagues across the service.
- The de-identified data that are released are outlined in the [Participant Information Sheet](#) and the [APSC Privacy Policy](#).

If you have any further questions, please contact your agency's Census Coordinator.

4. If you cannot answer a question, please feel free to leave it blank.
5. There are free-text questions throughout the Census where you can comment on specific issues. In answering these questions, please do not provide personal information about any other person, for example by including their name in your response. Comments provided in free-text fields will be provided to your agency verbatim (word for word, exactly as written).
